

Here's another difference of opinion. What's best for this big problem among homeowners?

### **Driveway weed killer -- all natural**

#### **VINEGAR**

1 Gallon White Vinegar  
1 Cup Salt  
1 Tablespoon Dawn Dish Detergent

Needless to say, we don't like poisons -- why? We're going to eat off this yard! And vinegar is one way to go, another is via salt:

#### **SALT**

Pour boiling salt water on grass or weeds growing between sections.
